Summary

Results-driven IT Project Coordinator with a background in Software Engineering and Agile/Scrum methodologies. Proven track record in sprint execution, cross-functional coordination, demand and capacity tracking, and structured QA testing. Experienced in streamlining computer vision workflows, delivering standardized project documentation, and preparing executive dashboards using Jira and ClickUp to drive reliable project delivery.

Projects

Slice Data Annotation Center *Open Source Platform*

- Deployed and maintained a centralized annotation platform leveraging open-source CVAT for computer vision workflows.
- Optimized operational pipelines and quality control standards, drastically cutting dataset turnaround time while eliminating third-party licensing expenses.

AI-Driven Robotic Mental Health System (Anees) | *University of Petra* *Graduation Project*

- Coordinated technical delivery from concept to deployment, tracking sprint milestones, component integration, and system QA testing.
- Authored Standard Operating Procedures (SOPs), automated issue reporting logs, and delivered structured onboarding guides for clinical users.

Professional Experience

Project Coordinator Intern | **Multi Zillion Nodes (MZN)** *Oct 2025 – Dec 2025*

- Supported project leads in coordinating Agile/Scrum sprint ceremonies and managing requirement backlogs across development teams.
- Built and maintained real-time tracking dashboards, status reports, and executive summaries to ensure end-to-end milestone visibility.
- Coordinated cross-functional QA workflows, authoring test cases, tracking defects to resolution, and supporting team capacity planning.

Skills & Tools

Project Coordination: Agile (Scrum), Sprint Planning, Backlog Refinement, Capacity Planning, SDLC, QA Coordination
Management Tools: Jira, ClickUp, CVAT, MS Excel (Advanced), Confluence, MS Office Suite
Technical Foundation: Python, REST APIs, Test Case Design, Defect Tracking, Computer Vision Workflows

Education & Certifications

- **Scrum Fundamentals Certified (SFC™)** | SCRUMstudy (Cert ID: 1194269) *Sep 2026*
- **Bachelor of Science in Software Engineering** | University of Petra, Jordan *Graduated: Jan 2026*
- **Certified Associate in Project Management (CAPM)** | Project Management Institute (PMI) *In Progress*
- **Algorithms & Problem-Solving (Level 2)** | Programming Advice
